

Reclaiming Christianity: A Call To Authentic Faith - A. W. Tozer

Does the Church use words that have lost their meaning? Are there Christian words and phrases that have lost their power to convict the human spirit and bring transformation to the world? One of the twentieth century's most renowned prophetic thinkers, A.W. Tozer, saw a dangerous trend gaining momentum even before his death---a trend that has become commonplace now in the twenty-first century. In this never-before-published book, Tozer sounds his alarm for the modern Church: We must stop parroting words carelessly, and instead allow the meaning that these words convey to empower, shape and direct the work of the Church. Yet Reclaiming Christianity is not just a warning; it is a spiritual guidebook for reconnecting to the deepest meaning of Christianity's sacred messages. Author: Tozer, A. W.
