As an asset class, commodities are now as important as stocks and bonds and with rapid growth in demand, profit opportunities in commodities are larger than ever. But today's computer-driven markets are volatile and chaotic. Fortunately, you can profit consistently and this tutorial will show you how. Building on more than 30 years of market success, George Kleinman introduces powerful trend-based techniques for consistently trading in your sweet spot for profits. Kleinman reveals exactly how the commodities markets have changed and how you can use consistent discipline to avoid shark-infested waters and manage the markets most dangerous risks. Ideal for every beginning-to-intermediate level trader, speculator, and investor, this guide begins with the absolute basics, and takes you all the way to highly-sophisticated strategies. You'll discover how futures and options trading work today, how trading psychology impacts commodity markets even in an age of high-frequency computer trading, and how to avoid the latest pitfalls. Kleinman offers extensively updated coverage of electronic trading, today's contracts, and advanced trading techniques including his exclusive, powerful Pivot Indicator approach. Three previous editions of this tutorial have become international best-sellers. But the game has changed. Win it the way it's played right now, with Trading Commodities and Financial Futures, Fourth Edition.
