Report Word Count is: 2,536 Words. Report Description: Every Internet marketer knows that backlinks are like money in the bank. Unfortunately, since getting and maintaining backlinks is such an important Internet marketing topic, there is a lot of false information out there about the way that they work. Many people are led the wrong way by well meaning marketers who dont know backlinks from a hole in the ground. The myths that will be revealed in

this report may change the way you do business, or they may just reaffirm that what youve been doing is right. Either way, youll be able to go forward with the right link building strategy that will get you the results that youve been looking for! Table of Contents: Chapter 1: Backlink Myth #1 - Google Page Rank is equal to Search Engine Ranking! Chapter 2: Backlink Myth #2 - Submitting to Hundreds of Free Directories will increase search engine results ranking Chapter 3: Backlink Myth #3 - Getting a ton of social networking links is a way to increase your search engine results page rank. Chapter 4: Backlink myth #4 - You shouldnt link to any sites because you will lose any link juice that you have. Chapter 5: Backlink Myth #5 - Turning 100 domain into one mega domain will help your search engine rankings. Chapter 6: Backlink Myth #6 - You should wait to complete certain page building or link building tasks until Google has made a page rank update. Here is a sample extract from my PLR report:

-----xxxxxxxxxxxxxxxxxxxxx----- As you learned in the last myth, you should stay away from link farms and other unscrupulous means of linking. You can lose a lot of credibility with your visitors this way, and you can be penalized by the search engines with low results. You can get a lot from linking to quality sites in your niche. Youll increase your relevancy in the eyes of the search engine, and your visitors as well. You should find well established sites that have quality content. Quick Tip: Link to the top five or six sites in your niche, and then find two to three who are in a midrange of PR. Make sure these midrange sites have good content. The thinking behind linking to midrange sites is that theyll be more likely to link back to you than the other high authority sites. You can
