A duel with the devil: hiphop/rap style. A cd with the creativity missing in today's rap music. 19 MP3 Songs HIP HOP/RAP: Hip Hop, URBAN/R&B: R&B Rap mix Details: Project: Can't Stop Me basically contains a series of songs with scenes that lead to the main song, Can't Stop Me. It is the story of a rapper (Keith) with a creative, clean rap style who is "challenged" during a studio session, by a fictional character who does not want Keith to succeed with his new approach to rap. The character starts in the artist's dreams and progressively interrupts the session until ultimately appearing. Upon appearing, he challenges Keith to a final rap battle. This is classic good versus bad and shows that no one should give up on their dream to do better - you should keep the courage and be strong, not giving up on those dreams, no matter whom or what may try to stop you. Continuing my goal as being the man behind the scenes bringing great music and spot lighting new artist that deserve to be recognized. I have to give credit where it is due. This new artist Keith Gibson is a writer performer to his heart. I provided the music and the project name. I gave Keith the music and told him to start writing to them keeping everything in context for the project and he went beyond my expectations. This project came out very well and if you want a hiphop/rap CD with a good story line and plot, then this is the one for you. One big plus in this project is that it is pretty clean unlike some rap music today. This CD is proof that hiphop/rap does not have to be explicit to be good. Today that really takes writing skill. Thank you, Pat Simpson. If there were one word that I would use to describe my music it would be unique because it is definitely different than what is out there now. It has a different meaning because I am trying to actually change the world thru my music. My unique lyrics and sound, when heard, will change the world itself and the Hip Hop world giving listeners a new outlook on Hip Hop music. I would definitely say that my rap style is different than what is already put out there because every bar that I spit, from club experiences to lifes struggles, is real and

has meaning. My stage name is "Kurragguz Rayne" because I am very courageous and everyone will feel me at some point in their life. Kurragguz was given to me by my boys because they say that I am the most courageous man they had ever met. Rayne (pronounced Rain) automatically lets everyone know that every bar that I spit and every word that I say will be felt just like rain drops and I also guarantee that when my album drops, like rain, you will definately feel it and be moved. Thank you, Keith Gibson
