

Mp3 The Downfalls - Last Night

[DOWNLOAD HERE](#)

Redefining the concept of a power trio for the modern rock age, The Downfalls mix the high-octane intensity of old school garage and punk with the pomp-and-circumstance of 70s glam in a sweaty brew soaked in the emotional urgency of current indie rock. 12 MP3 Songs POP: Power Pop, ROCK: Punk-Pop Details: With the self-release of their debut album Last Night, The Downfalls deliver on the promise of their incendiary live shows with a twelve-song journey that is both cathartic and unique. Produced by Scott Tusa (who has worked with other notable local acts such as Scissors for Lefty, Bellavista, and Immigrant), Last Night spins out the big hooks with tales of lifes great discontents. Singer/guitarist Mark Bornsteins distinctive voice infuses each song with the drama of Ziggy-era Bowie, delivered with the snarled angst of Billie Joe Armstrong. Elbowing their way over the infectious melodies and soaring choruses, Mark Nichosons driving bass lines and Lance Mathyssen's stadium-sized drumming form a clenched-fist rhythm section that sends each song into sonic overdrive. From the opening stomp of the pop single All the Way to the epic triptych of Empty Sky, The Downfalls remind us not just what rock music is supposed to sound like but what it feels like. People who are interested in Weezer Kings of Leon The Killers should consider this download.
