live performances from original folk and mountain to hard driving rock and blues 23 MP3 Songs BLUES: Rockin' Blues, FOLK: Modern Folk Details: No Effort or expense has been spared in the preparation of these double-live disks and the supporting album art and information. Years of touring from York Harbor, Maine to Talkeetna, Alaska have been supplemented by six months of sorting and reviewing live performances recorded over a thirty-years period. Although others have attempted to release acoustic and rock works consecutively, here are both in the same work at the same time. The first disk contains a selection of the best live performances from Tom's original ballads, love songs, folk songs, and arranged tracks with a country feel. The second disk is an astounding collection of Tom's best blues and rock performances, capturing ten cuts of hard driving, relentless blues and rock. Those receiving the disks in the test audience have been stunned. Tom's fellow defense lawyers and ADA's that have heard the work are impressed beyond words after wondering for years what he was doing in Columbus and Alaska. On May 9, 2006, the initial release brought raves from a capacity crowd at Dick's Den in Columbus, Ohio, marking a rousing start to the 2006 Absolutely Live Tour. "I want you all to know that my intention in creating this work was to do what had never been done before, with the result being the best value in all of recorded music. This is the hardest project I have ever undertaken, and I have tried to be diligent in every detail. NECD requested over 100 of my Alaska pictures in order to prepare the album art. It is my sincere belief that I have created the finest work possible, and I hope you will agree." Please enjoy it immensely, Tom "Wildman" Wirtanen
