

B.j. Summers Guide To Coca-cola Seventh Edition - B J Summers

[DOWNLOAD HERE](#)

In this day of real-time internet and spontaneous around-the-world communications it's difficult to believe that any product has an effective life of more than a few years. But Coca-Cola is still alive and strong at a hundred years plus. This book, which gives its readers the value of Coke memorabilia but also snippets of information about Coke and its history, is once again revived and refreshed. Collector Books has had a winner with B. J. Summers' Guide to Coca-Cola since the mid-nineties. This new seventh edition has hundreds of new color photographs. It is also crowded with information to help both the beginning and advanced collector to become better informed. As always, the informed collector is the one at the head of the line. For the collector who desires better results, the answer is simple. This book is a winner--and you can be too! 2009 values.
