Clikcbank Affiliate Reward System "Are You Ready To Put More Money In Your Bank Account, Spend Less On Advertising And Have More Free Time To Do What You Want?" "Read On To Learn More About A Brand New System That Motivates Your Affiliates To Make More Sales, Increases Their Earnings And Multiplies Your Profits..." Dear Internet Marketer, aturally, you already know that one of the most effective methods of growing your online business is to have an army of affiliates promoting your products. If you are like me, you will already be aware of Pareto's Law which states that 80 of your affiliate generated sales come from just 20 of your affiliates. And that's if you're really lucky... Often, less than 9 of all affiliates make more than just one or two sales. What if there was a way of firing up your affiliates with energy and enthusiasm? p until now, there have only been three basic methods of rewarding affiliates: pay-per-click, pay-per-lead and pay-per-sale. Pay-per-click programs pay the affiliate a fixed amount for every unique visitor that they send to your website. Pay-per-lead programs pay the affiliate a set dollar amount for a specific action taken by the visitor, such as signing up for a free newsletter or submitting an information request. Pay-per-sale programs pay your affiliate a commission (either a percentage of the sale amount or a flat fee per sale) on all sales that result from their referrals. As an Internet Marketer, you are already paying your affiliates on a pay-per-sale basis and, as you know, you are competing with thousands of other Marketers who also use Clickbank.
