I've blurred out the buyers' names on the left but you can see how much was paid for some of the keywords he sold. Sometimes people paid Michael over \$100 just for one word on a website! Michael

could show you loads of screenshots like this - it was amazing as literally hundreds and hundreds of people bought the words up for \$50, \$60 and sometimes over \$100 a time. He moved so quickly on this and added his own 'secret success formula' into the mix that he quickly pulled \$21,000 right out of the marketplace.
