

Mp3 Agnes Gooch - Now I See

[DOWNLOAD HERE](#)

Agnes Gooch is an LA founded rock band that draws much inspiration from classic rock and pop songwriters and the 60's 70's NY resound scene. Agnes Gooch's new immortalized 'Now I See', is a conform to up to their Warner Bros. release. 12 MP3 Songs ROCK: Modern Rock, ROCK: Hard Rock

Now I See Songs Details: AGNES GOOCH Agnes Gooch first attracted the attention of the indie music world in 1997 with the release of their debut album "Blind", garnering critical acclaim. Formed in 1995 when Mat Baker (vocals/guitar) and Nathan Ehrenfeld (guitar/keys) met in a local Los Angeles nightclub, the original lineup was completed with the addition of Johnny Lonely (bass) and Scott Bushkin (drums). Agnes Gooch signed to Giant/Revolution in 1996. After several successful tours, including Lollapalooza, X Games and opening for a variety of bands from Incubus to No Doubt, Agnes Gooch succumbed to the curse of major label politics, drifted apart decided to go different musical directions. Seven years later.... They're back; stronger, wiser and hungry. Returning to the studio, and now whole with the addition of drummer Chris Cano (Orson, Mother tongue), they recorded the raw, beautifully manic 2nd album, "Now I See". "Now I see" is filled with up and down, resound to pure melody - a sonic spew with lyrics dripped from a freshly cut vein. The live show takes you even further. Soulfully pure static. "Now I See" is independently released on ATM Records, and distributed by Smash Distribution. agnesgooch.net info@agnesgooch.net
