This lighthearted CD by Chris Woods features the novelty holiday tune "Christmas Encounter". It's lively spirited melody and funny lyrics reflect the mood of the song and season. The other music included on the CD, are strange alien soundscapes that capture the imagination. With it's extraterrestrial sound effects and actual recorded air traffic communications, it can even make the skeptics wonder. Chris' song "Christmas Encounter" has been featured on the nationally syndicated radio show (Dr. Demento), and other radio stations through-out the southeast. Here's what Billboard major market air personality of the year (Bill Gardner) had to say about "Christmas Encounter". " I think this song Christmas Encounter has some real potential to be a genuine seasonal "hit". " Over thirty years of broadcasting, I believe it's the first time I've ever put an individual " hometown" effort on my radio show. "Christmas Encounter" is a bonifide, all format seasonal hit just waiting to happen!" Bill Gardner KVIL-FM/AM Dallas WESC 92.5 Greenville Heres's what Dennis Stephen..of Nashville songwriters resources "professional evaluation" had to say.... "Christmas Encounter" is very good, easy to listen to and funny.. Excellent "Novelty" song for christmas. I like it a lot. Good luck!" Dennis Stephen Lighthouse Media Group Nashville TN
