

Mp3 Brad Wilson - Rock: Americana

[DOWNLOAD HERE](#)

Wilson's voice is a cross between Greg Allman and Warren Haynes. Wilson's guitar style is a mix of blues-infused rock reminiscent of Hendrix, Stevie Ray, Rory Gallagher and Gary Moore. Brad Wilson is a fine storyteller and gifted wordsmith as a songwriter 13 MP3 Songs ROCK: Americana, BLUES: Guitar Blues Details: -"This album offers a baker's dozen of blues-rock tunes that stand as tall and sound as sweet as anything you're going to hear on speciality labels like Alligator, Blind Pig or Ruff this year. -There are too damn many good songs on the album to go into every one, but there are standouts that will stick in your brain and have you humming along or playing air guitar as you listen. -The songwriting is more mature than that of better-known contemporaries like Walter Trout or Poppa Chubby. An enormous and impressive debut, Brad Wilson the album does an admirable job introducing Brad Wilson the artist, a little-known but nevertheless major talent with a bright future ahead of him." Rev. Keith A. Gordon / Alt. Culture Guide NOVEMBER SHOWS: 4&5 MORRO BAY, CA. FUEL DOCK 6 VENICE BEACH, CA. HINANO'S 11 SAN DIEGO, CA. WATERFRONT BAR 13 SUNSET BEACH, CA MOTHER'S 18 COLTON, CA.
