Smooth jazz 10 MP3 Songs JAZZ: Smooth Jazz, GOSPEL: Contemporary Gospel Details: IN THIS RELEASE I WANT TO THANK GOD FOR HIS GUIDANCE AND DIRECTION; FOR THE GREAT LOVE, TALENT AND PASSION FOR MUSIC THAT HE PUT UPON MYSELF. This album is my 6th release, which grew out of my great appreciation for my family. My inspiration evokes a direct emotional response as I remember my mother Bishop Juana Nicolas who encourages me to play the Saxophone at the age of 11. This recording serves as a meditation or stress-reduction tool as people reflect in their daily life. It is my desire that each listener find a familiar, joyful quality in the music. As the writer, arranger and composer of each song my satisfaction is that each song will take you for a ride. In this ride just go wherever the music takes you. This music is also presented to my fans and the people who once heard it and will want to drop it back in the stereo. Definitely listen and allow others to listen too. I hope that other musicians will find something unique about this music. Thank you all. Dr. Alexander Nicolas OTHER RELEASES OF DR. ALEXANDER NICOLAS 1. RISE AGAIN (RECORDED IN 1988) 2.
