The Devils Music. 10 MP3 Songs ROCK: Modern Rock, ROCK: Psychedelic Details: Official Release Date: 9/27/05 Hank El Diablo is the brainchild of Songwriter/Producer Rob Nader (full name: Henry Robert Nader). Hank has gained an underground buzz as an irreverent, sometimes brash, sometimes loungy rock act. After quite some time in purgatory, Hank El Diablo is back with a brand new studio album entitled "Super Villain". The album marks the triumphant return of Henry the Devil. Triumphant in the sense that the music of Diablo carries on despite much personal strife (financial and/or otherwise), many lineup changes to the live act and sheer development hell. Hank has emerged with his finest product to date, this time stripping down the sound and concentrating more on the simplicity of a good rock tune. Dark, weird, abrasive, sarcastic, irreverent, sinister and downright fun. So drink a scotch, light up a good cigar and enjoy the apocalypse. Cheers. "Mastermind Rob Nader presents a dark and spirited collection of aural dissonance, half of the time disturbingly loud often to the point of discomfort, the other half of the time its near musical genius is overwhelming. This is undoubtedly music of the futureand beyond." - DJ Justice, JAM Magazine
