World fusion improvisation 6 MP3 Songs WORLD: World Fusion, WORLD: Yiddish Show all album songs: Joining Songs Details: Intuitive music orchestra - is unique creative being with its creators do not intend to define making links with something that is already known or comparing it with something that already exists. Participants of IMO explore a miraculous power of sound with enthusiasm for 6 years already. "Intuitive music orchestra" is a natural environment where a man is free from any kind of limits, conditions, evaluations. This is a unique model of people's coexistence and cooperation. IMO is an optimal life strategy that lets musicians understand and open fully their creative potential. That music is above national and nonconditional. All that musicians perform is never rehearsed or repeated - Sun shines with no rehearsals. There's just a great love of Harmony and all happens according to it. Audience becomes a participant of creative process during performances very often. Musicians use more than 50 various drums, rubab, sitar, igil, gijak, mouth harp, fretless bass, double bass, English horn, alto and soprano saxes, about 10 different sorts of flutes, duduk, gongs, bells, cymbals, metallophon, didgeridoo, more than 100 types of small percussion instruments and a human voice of course. Participants of the project. First is not easier musicians in the usual sense this word. More likely researchers of and surrounding space. Everyone has followed a way of self-knowledge for the different reasons. And today - these 5 which have been last test by a reality, being absolutely different people, freely incorporate in the uniform creative organism bearing light and harmony. Also that is especially valuable - their space is not closed. It is opened for everyone who loves the Life who creates its each instant of the life.
