After a career that included blues clubs, one woman cabaret shows, regional musical theatre and ultimately Broadway, and finally her original music, performing all over the world to thousands of fans, Julie recorded her first CD, *Sheddin' My Skin* in 1997. Released in 1998, fans from her role as Na'Toth, on the popular sci-fi show, *Babylon 5*, quickly bought out the first pressing, and encouraged Julie to create her second CD, *Struck By Lightning* in 2000. Known as "Music for people who have lived", the songs tell a story that many can relate to and take inspiration from. Recorded in New York with producer Beth Ravin, President of NARAS and a voting member of the Grammys, all the music and lyrics were written by the artist, and Suzanne Vegas' back up band plays on the CD. Julie resides in Los Angeles with her husband, Craig Damon, the graphic artist and photographer for the CD, their 3 year old son, Max, three dogs and one fish. Julie's oldest son, Dustin, 22, is a senior at Loyola Marymount University.
