Circular instrumental sounds persuade the psyche to float on the gentle riffs of recurring simple melodies. Slowly drifting deeper into a peaceful, healing place. To a state of inspired relaxation where body therapy processes can become more effective. 8 MP3 Songs EASY LISTENING: Mood Music, ELECTRONIC: Soundscapes Details: Therapeutic professionals in the areas of muscular massage, reflexology, acupressure and other body energy work, inspired this project. Surveyed over a year ago, these professionals offered their opinions about different sounds and styles of music which they utilize during a session. This CD is a successful result of that communication. Even unforeseen benefits from other professions, that require their clients to be as relaxed as possible has been realized. Also other professionals find the music relaxing and renews thier energies after the sometimes stressful work day. Email from Renee Cole-Mordell, CD(DONA) "This is a great CD. I used it for the last birth that I did (the baby was born yesterday.) This was the only CD that my client enjoyed." Thanks again!! Email from Bill Egan (Engineer) "This stuff is amazing. I become totally relaxed after a long day at work. It really helps me calm my inner being! Wonderful and Imaginative!" Email from Holly (Customer Service Representative) "This is great! I am very relaxed now."
