

# Mp3 Reflected Illusions - Psychosis

[DOWNLOAD HERE](#)

Steps through electronica one style at a time. Turn up the volume and let the game begin. 8 MP3 Songs

ELECTRONIC: Electronica, ELECTRONIC: Experimental Details: Psychosis is an unwanted child! I was messing around with a Commodore 64C running Prophet64 and a couple of 8580R5 SIDs. After a few weeks I had sampled the hell outa 8580s and found myself obsessively filtering, re-synthesizing, waveform-editing and re-sampling the original samples. I drove the samples using Evolver's sequencer and a random sequencer in energyXT, programmed the drums, put Audio Damage plug-ins on each and every track, tried to control the chaos with automation and the title track was born! Whenever I wasn't in the mood for working on my other projects, I would get obsessed over my C64 samples. Two years later I realized I have a new obsession and 8 finished songs, love 'em or hate 'em...
