From Key West, Florida, comes a new sound from songwriter/Singer Sir C.W. Colt. Pirate Treasures is a series of original music releases in the spirit of the newest recognized American musical art form called "True Americana". 11 MP3 Songs COUNTRY: Country Blues, FOLK: Folk Blues Details: Biography I am a 3rd Generation True Americana Music entertainer. I have traveled all over the world performing and I have incorporated many unique styles of music into my sound. I would say my music is a Key Western sound. Throughout my career I have worked with some well known artists such as Jimmy Buffett, Marty Robbins, Edgar Winters, Bo Diddley, Waylon Jennings, and Sonny Landreth just to name a few. I feel that one can only do so many shows in one's lifetime so I play every gig like it is my last. Fun , lively and festive is the way I feel every show must be. I have written 12 CDs of music and I have recently finished recording my 3rd CD titled "Cowboys, Kings and Long Lost Treasures". When all of these are recorded I will market them in a small treasure chest. The covers of my Cds are unique for they feature legendary Characters who have made history such as Treasure Salvor Mel Fisher, Capt. Tony, Chief James Billie, Cliff Robertson and Burt Kilbride to name a few. Every entertainer should be able to take people's minds away from their everyday life and leave them wanting more. Like I always say "I just want more is that to much to ask for"!
