Romantic Chill smooth acid jazz electronica. Where it all began for Curtis Macdonald. 8 MP3 Songs
JAZZ: Acid Jazz, NEW AGE: Ambient Details: Curtis S.D. Macdonald (1962) Composer A Cal Arts graduate, who after many years of exploring many popular instrumental genres, has found a love of transparency, lyricism and hyperkinetic rhythm to forge compositions to reflect, romanticize and remember. Passive and hypnotic sustains, filtered expressive pointillism combined with rhythmic grooves create the foundation for the memorable melodies and lyrical improvisations performed with a single voice acoustic piano. Imagine watercolors that sing. Review: This is a wonderful Chill CD with contemporary styles that create a mood all of it's own. Stay in touch with Curtis Macdonald, he has the approach of what's next!
