Stephanie started listening to music at the age of 2 but started getting fascinated with it from the age of 4 up to now. This artist listens to everything from early Motown to 70's funk, soul, and disco, 80's pop and dance up to today's modern sound of techno, dance and rb. This artist does not have love for today's musical artist which she makes note of that in The Music is Dead. Stephanie started playing keyboard at the age of 14 and added guitar at a later age and the rest is history. Please listen to this artist album and enjoy.
