Ambient meditative and solo piano music that relaxes, soothes, softens and creates inner peace by relaxing the body and quieting the mind. 15 MP3 Songs NEW AGE: Meditation, NEW AGE: Healing

Details: This CD expresses my feelings and spiritual healing and is dedicated to our son Ryan who left passed from this world in 2003 at age 17. Many have listened to this CD and remarked at how relaxed they become after listening to it. From massage therapists to Reiki healers, many have used this music to promote healing and create inner peace. You will find that in the background this music will create relaxation and promote spiritual connections with friends and enhance relationships. If there is one song I recommend, it is the one that always brings a smile to everyone who listens to it: "That's Perfect". Too bad you can't hear the end! The 4-part Strings come from the guided meditation "Strings" recorded for Life Success Seminar's "Contract on Fire" seminar. Several of these tracks are exactly as they were originally played without any subsequent re-mixing or re-recording and are included here in their entirety. The cover painting is "Untitled" by Teena Reissig, Oil on wood, 42" by 60". She was working on it when Ryan passed. It is my hope that you afford yourself the opportunity to listen to this CD. Recording it has been my healing and awakening; Ryan would be proud. To your health and prosperity, Steve
