

Mp3 Teradox - If

[DOWNLOAD HERE](#)

Teradox's "IF" is an atmospheric, slightly melancholic, loungy and very chilled record, strongly enhanced by tera's haunted vocals and luscious harmonic layers and walter fischbacher's knock-out keyboard playing. 8 MP3 Songs ELECTRONIC: Down Tempo, NEW AGE: Ambient Details: teradox is the latest in a string of collaborations between pianist/producer walter fischbacher and vocalist/songwriter tera. after touring europe as a duo and in various other incarnations and playing the club scene of new york for several years those two native austrians set out to write, produce and perform the most chilled-out of their creations to date - "if". remixing some tracks from tera's debut cd "alien lovers" and writing a bunch of new hooky songs from scratch, they have created an atmospheric, slightly melancholic, loungy record, strongly enhanced by tera's haunted vocals and luscious harmonic layers and walter fischbacher's knock-out keyboard playing. oh, and there's even a remix of a 17th century christmas carol on it! as a writer/producer team teradox have also created tracks of various styles for tv shows such as "Alias" and "The Precinct". their chillout tracks can be heard on abc's "One Life to Live".
