Power Pop Rock 8 MP3 Songs POP: Power Pop, ROCK: Modern Rock Details: The Hotwalls formed at the tail end of 2004 by veteran musicians of the Detroit music "scene", Gabriel Doman, Oliver Calhoun, and Bill Zech. With disparate influences, they bonded over their shared love of The Pixies (and The Beatles). After writing for a few months, they started looking for a front man. Then, in June 2005, they found one in Ryan Milligan. With Ryan on board, they started fine tuning the songs. Finally, in November '05, they were ready to show the world what power pop perfection was all about. With demo in tow, they stormed on to the Detroit scene with no mercy. The Hotwalls live show is truly an experience. And with the live show as the benchmark, they started recording their debut record in early 2006 (at a vacant drug store among other locales). Almost a year later, here it is, The Hotwalls debut record (and the first for Detroit's Finest Records). I know that you'll enjoy it as much as they enjoyed making it.
