

Mp3 Tricia Gates Brown - Long Thin Road

[DOWNLOAD HERE](#)

Spare, warmly textured acoustic folk/americana--ranging from deeply personal to political. 9 MP3 Songs

FOLK: Gentle, FOLK: Political Details: Had Thoreau been female and come of age in the Reagan years, he may have written like this. Tricia's songs are full of reflection and razor-sharp social critique, yet emanate vulnerability, sensitivity, and grace. This music is deeply personal and honest, like a fireside talk with an old friend. On Long Thin Road there is not a single Top-40 hit in sight. It holds the memories and dreams of a poet put to song--as hopeful as it is sad.
