This will be the first time you'll see something this simple yet powerful when it comes to squeeze page design! For a professional design that portrays an image of trust and professionalism it would normally cost you anywhere from \$150 (on the very cheap side) to \$300...for a squeeze page design that really does an effective job. Here's the good news... You Can Now Grab These *SIX* Professionally-Designed, Squeeze Pages That Convert Like Crazy! Just check out these amazing features: No graphics editing needed at all... Two tweaks to your html and they're ready for your Aweber autoresponder to take over (If you don't use Aweber, it'll take you about 5 minutes to tweak about 5 lines of html with your autoresponder code to have these babies functioning like a charm.) The entire page (both pages) created so all you do is edit the text and you're ready to go! Okay...instead of me explaining it all to you...let's just take a look... I've uploaded six screenshots of the exact squeeze templates you'll receive when you order. Take special note of the text in the templates. It does a great job of explaining everything. Also...keep in mind these are only images and not the actual templates you'll receive. Therefore, the page may take a little more time to load than usual (and of course you can't test the autoresponder form. But trust me... they both work

flawlessly! Tags: im, plr
