

The Political Economy Of Terrorism - , Todd Sandler

[DOWNLOAD HERE](#)

The Political Economy of Terrorism presents a widely accessible political economy approach to the study of terrorism. It applies economic methodology - theoretical and empirical - combined with political analysis and realities to the study of domestic and transnational terrorism. In so doing, the book provides both a qualitative and quantitative investigation of terrorism in a balanced up-to-date presentation that informs students, policy makers, researchers and the general reader of the current state of knowledge. Included are historical aspects, a discussion of watershed events, the rise of modern-day terrorism, examination of current trends, the dilemma of liberal democracies, evaluation of counterterrorism, analysis of hostage incidents and much more. The new edition expands coverage of every chapter, adds a new chapter on terrorist network structures and organization, accounts for changes in the Department of Homeland Security and the USA Patriot Act and insurance against terrorism. Rational-actor models of terrorist and government behavior and game-theoretic analysis are presented for readers with no prior theoretical training. Where relevant, the authors display graphs using data from International Terrorism: Attributes of Terrorist Events (ITERATE), the Global Terrorism Database (GTD), and other public-access data sets. Author: Enders, Walter Author: Sandler, Todd Publisher: Cambridge University Press Illustration: N Language: ENG Title: The Political Economy of Terrorism Pages: 00408 (Encrypted PDF) On Sale: 2011-10-31 SKU-13/ISBN: 9781107004566 Lib Category: Terrorism Lib Category: Terrorism - Economic aspects Category: Business & Economics : Economics - Microeconomics
