

Theory Of Sobolev Multipliers

[DOWNLOAD HERE](#)

1;Contents;5 2;Introduction;14 3;Part I Description and Properties of Multipliers;17 3.1;1 Trace Inequalities for Functions in Sobolev Spaces;18 3.2;2 Multipliers in Pairs of Sobolev Spaces;43 3.3;3 Multipliers in Pairs of Potential Spaces;79 3.4;4 The Space $M(B_{p_1}, B_{p_2})$ with $p_1, p_2 \geq 1$;143 3.5;5 The Space $M(B_{p_1}, B_{p_2})$;189 3.6;6 Maximal Algebras in Spaces of Multipliers;223 3.7;7 Essential Norm and Compactness of Multipliers;250 3.8;8 Traces and Extensions of Multipliers;294 3.9;9 Sobolev Multipliers in a Domain, Multiplier Mappings and Manifolds;334 4;Part II Applications of Multipliers to Differential and Integral Operators;380 4.1;10 Differential Operators in Pairs of Sobolev Spaces;381 4.2;11 Schrödinger Operator;398 4.3;12 Relativistic Schrödinger Operator;434 4.4;13 Multipliers as Solutions to Elliptic Equations;452 4.5;14 Regularity of the Boundary in L_p - Theory of Elliptic Boundary Value Problems;486 4.6;15 Multipliers in the Classical Layer Potential Theory for Lipschitz Domains;538 4.7;16 Applications of Multipliers to the Theory of Integral Operators;579 5;References;596 EAN/ISBN : 9783540694922
Publisher(s): Springer, Berlin Discussed keywords: Sobolev multiplier Format: ePub/PDF Author(s): Maz'ya, Vladimir G. - Shaposhnikova, Tatyana O. - Chenciner, A. - Coates, J. - Varadhan, S. R. S.
