

# Mp3 Eliot Bronson - Another Tourist

[DOWNLOAD HERE](#)

Award winning acoustic pop singer/songwriter 10 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic  
Details: Eliot Bronson is destined to be the next Britany Spears. Some people think it's the fabulous figure, others focus more on that seductive voice, but personally I think it's all the fly dance moves. Just over a year ago it looked like the stars had aligned for Eliot and his fabulous teeny bopper road show, when suddenly and without warning Eliot decided to leave the hype and fanfare behind. Eliot found out the hard way that being a pop diva wasn't all martinis and deep tissue massages. No, it was also the private jets, exotic dinners and thousands of screaming fans. But beyond that, it was also a shallow and unhappy life of luxury. It was then that Eliot decided to pack it up and go on the road with nothing but his acoustic guitar and a dream. Since that time Eliot had been working hard to bring his show to clubs, coffeehouses and college around the country. Many have said that Eliot's songs are clever, witty, thoughtful and deeply resonate, while others note that this fresh-faced 25 year old finds a rare balance between simple accessibility and lyrical depth. And while it is true that Eliot Bronson's music brings together the best elements of pop and contemporary folk, crafting intelligent, catchy tunes that will stay in your head for days after a show, I maintain that it's those hip swinging dance moves that keeps the people coming back for more. These days you can find Eliot playing in his new band: The Brilliant Inventions
