TOM PAPPAS, former bassist of Superdrag, rocks along with Mark Robertson of The Legendary Shack Shakers. It's just rock n roll... Remember that? 12 MP3 Songs ROCK: Modern Rock, ROCK: Hard Rock

Details: Flesh Vehicle started in January '96 as a side project for Superdrag bass player, Tom Pappas. After his departure from Superdrag and more line-ups than Deep Purple, Tom settled on the concise line-up of Steve Latanation (drums) (who also pounds for Agent Orange), Mark Robertson (bass) (Mark also thumps for The Legendary Shack Shakers) and "Senator" Tom Pappas (guitar lead vocals). The sound: voracious "Murder Pop" in the tradition of Iggy The Stooges, Cheap Trick, with the groove of mid-era Rolling Stones. The live show: A jaw dropping sweat fest with antics that have never happened in Rock n Roll. Interested....? You should be! "The man with the magic hair returns. Ex-Superdrag bass player, Tom Pappas, will deliver his unapologetic Garage Anthems this Friday night..." THE RAGE, Nashville, TN "Self-described 'Fifties Arena Rock', Flesh Vehicle delivers more anthems than an AC/DC puppet show" The Nashville Scene "Put down the amp and nobody gets hurt" Sugardaddy
