Fresh Cut Salads is like the Monty Python of music. 14 MP3 Songs POP: Quirky, ROCK: Folk Rock  
Details: Fresh Cut Salads is a 5-piece "pop" band centered in Northeast Philadelphia, Pennsylvania. The Salads' music is instantly affable, and once you hear it...well you may or may not want to hear it again. Or maybe you just wont care; however, this is unlikely. We pride ourselves in being either instantly cherished, or shunned permanently, as we tend to base our "creative" philosophy around the concept of never backing down from a bad idea. Thus, we have found ourselves affixed to many grueling band traditions (such as playing a completely different version of the same song, "Intro," at the beginning of every single show). Fresh Cut Salads is a glittering concoction of abusive self-deprecation and near-crippling egotism. Vitamin Sea will indulge the listener's hunger with 14 beautifully produced masterpieces.
