Somebody's gotta do it is a direct assault on oppression,nobody likes to be held down or held back,listen to tracks 1,5,9,and 16 then holla back. 16 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: West Coast Rap Details: This c.d. is the second to be released on Baugh Entertainment, the first was Welcome to the flatlands in 1998, that was my first attempt at at putting a record out on the market, that was my first group, myself and Jason Vorhess, we shot a video, got a article in the Oakland Tribune and sold c.d.'s on consignment. The independent music game in the bay is easy but at the same time hard as hell, the local distribution company's try to give you some of the dumbest deal's in the world, but that's why you have to know your stuff,so i decided to put together my own website to atleast let people know who i am,baughmusic.com. There you can see FREE streaming video's ,my article in the Oakland tribune, my ad in DUB magazine and alot more, at my website you can read the full bio of the company and the artist, you can also be my friend on myspace.
