It's CD's like this that make my job fun!" Blue Suede News, Winter 2000 by Marc Bristol "Milkin' the Frog pulls influences from an adventuresome map while still reflecting the band's unique sense of fun...another worthy tribute to musical eclecticism." WBS Bluesletter, January 2000 by John-Allen Briscoe "Pigeonholes won't work for this group...from New Orleans sounding jazz to a sound that is somehow reminiscent of the Kweskin Jug Band." Victory Music Review, May 2000 by Ted Briggs-Comstock "Junkyard Jane calls its excellent new album Milkin' the Frog...this band has a delightfully engaging stage presence - which helps them get away with all kinds of whimsy." The News Tribune, January 2000 by Rick Nelson "Milkin' the Frog captures the band's clean sound and rabid on stage antics in a way that will make anyone who has seen them live smile." The Entertainer, June 2000 "Just listen to their latest release...better yet, make your frog listen to it and the milk flows freely..." WWBS Blues News, December 1999 by Dan Gladspell
