A wide-reaching musical journey through Medical School mnemonics, humor, and more. 12 MP3 Songs in this album (47:22) ! Related styles: POP: Pop/Rock, HIP-HOP/RAP: Hip Hop Details: \$12.97 is considerably cheaper than any medical textbook that you will purchase during your education. (And you will undoubtedly buy way too many of them.) MedSchoolRock Vol. 1 is a 12-song collection that combines medical humor and memory devices with multi-genre musical stylings and the final product is something that you should totally buy. Seriously, please buy it. This project began as stress-reliever during medical school. I began writing and recording silly songs about whatever we were learning about at the time. The initial response was positive, and people have recommended that I make them public.
