

Mp3 Mo Phillips - Train Beard

[DOWNLOAD HERE](#)

Kids music that parents are not quite sure they want their kids listening to, because IT ROCKS. 10 MP3 Songs in this album (28:52) ! Related styles: KIDS/FAMILY: Kid Friendly, POP: Folky Pop People who are interested in Neil Young Dan Zanes should consider this download. Details: Hello All!!! This is my first album with our younger friends in mind. As with most kids albums today, I am trying NOT to drive parents crazy. As a parent myself, and a preschool teacher, I needed to write songs that I could sing over and over and not want to commit myself to my local mental ward. Hopefully any mental issues you may have, or may one day develop, will NOT be attributable to this here album. If you are wondering about me I am a husband and a dad out here in Portland, Oregon, USA. I am the director of ROCK N ROLL KINDY, a company I started that teaches preschoolers/kindergartners to make rock bands. We write songs, make instruments and band shirts, and record albums and sell them at our shows. You can read a bit more at mophillips Thanks for checking out the album.
