From the artists We always like to start by thanking GOD for all his guidance and blessings. We pray that he will continue to bless you also. We thank you for your interest in our music. The CD was composed by the use of the energy and rhythmic patterns found in the forms and katas of martial arts. Being students of Gung Fu under the lineage of Master Sam, we found in our own training that music helps to calm, and focus ones mind. We hope that you listen to the clips available, and that it helps you both spiritually and mentally. Again thank you for your support. GOD Bless, Kevin Maren Don't forget to post a review of the CD.
