Mood enducing, sad, and heavy sonic manipulation are just some of the surprises here. Thunder only happens when it's raining. 13 MP3 Songs POP: New Wave, ROCK: Goth Details: No one told Claude S. that his emotions were never meant to be recorded, and lucky for us, they were! This album by the lead singer of Anything Box is an aural sad-joy-ride through the days of Bauhaus and Joy Division, and it even features a cover of Love Will Tear Us Apart. This album also marks the begining of the changes that were to sweep Anything Box into their new Elektrodalic period. Some people call this the hidden Abox album. You decide. :: NEWS UPDATE JULY 13th, 2005 :: ----- Although this album is out of print, the NEW Diary album, Separate will be appearing here at CDBaby.com! The new album is destined... To be in your CD Player! Go check out the site and don't worry, Page 2 will be available on iTunes and the other services quite soon. TheDiary-Separate.com ###
