Delicate indie-pop to get your head bopping and your feet dancing. 13 MP3 Songs POP: Quirky, POP: New Wave Details: The Kingdom Flying Club was formed in January 2002 in Columbia, Missouri. This year we've been listed on KCOU's(MU radio) top 10 charts and Jason Kafer's "best of 2002" for our debut album. We play an eclectic mix of original songs near the indie-pop vein and the occasional carefully chosen cover. So far we've done all of our recording and CD production at home and we like it. LIYL: Guided by Voices, Ted Leo/Pharmacists, and Pavement (maybe a little E.L.O. and sometimes Gram Parsons). "Everyone wants to be proud of their city's local music scene. So, when a band such as the Kingdom Flying Club unveils themselves to Columbia, we become excited and unfortunately loose all ability to think rationally." -Bob Sullivan, sno-cone.mu11-10-02 Steve Davis * Drums Jarrett Crader * Bass/Singing/Guitars Matt O'Neill * Piano/Guitar/Singing Nate Kesterson * Lead guitar/Singing
