The A to Z of Iran is designed to give the reader a quick and understandable overview of specific events, movements, people, political and social groups, places, and trends. Through its extensive chronology, introduction, bibliography, appendixes, and more than double the number of cross-referenced dictionary entries as in the previous edition, the work allows for considerable exploration of a number of historical and contemporary topics and issues. In particular, the modern period, defined as 1800-present, is covered extensively. Author: Lorentz, John H.
