The Drop-Dead Simple Method To Making \$300 Per Day OFFLINE Using CPA Offers! First, I have no reason to try and wow you with any crazy claims or million dollar promises. Quite simply, this course will teach you a drop-dead simple way of making a bare minimum of \$300 per day with free CPA offers. I showed this method to my 18 year old son and 3 of his friends. In their first month they did over \$14,000 in free CPA offer commissions. If 4 Party Animal college kids can do this at that level, CANT YOU? What you are about to learn in this course is a simple model that I came up with over two years ago. This model combines my vast knowledge of offline marketing and the world of CPA marketing to produce a power packed, job killing system that produces almost immediate income. Start Now And You Will Be Making Money Within 3 Days...With No Articles, PPC, Forums, Youtube, SEO, Or Any Technical Knowledge What-So-Ever! When I first went into business for myself 20 years ago, I realized two very important things quite quickly... Every Business Needs Leads - No matter how big or small, every business in the world needs to have a steady flow of qualified leads. Go Where The Buyers Are - In order to get those leads, the business must go where the buyers are. Fast forward 17 years later, I get introduced to the

world of CPA marketing by my son and I was completely amazed. It blew my mind. The concept of CPA marketing made more sense to me than any other business venture I've seen online...and still does today! The problem was, how do I go where the buyers are? All these crazy CPA offers are giving away free iPods and gift cards. Where do I find buyers for that? I beat my head against the wall for weeks trying to crack this mysterious code. One day, about 3 weeks after first learning about the CPA industry, my assistant walks into my office and says "There's a new Lamaze class starting tonight. Are we sending anyone there?" BINGO! I know that may sound silly to you but remember, one of my businesses is a retail outlet in the newborn/maternity market. We send workers over to the Lamaze classes in our area and hand out coupons to the couples. Go where the buyers are! Now obviously this course has nothing to do with coupons or pregnant ladies, but that's where the original idea came from. But I needed a HOOK to get them to my site and to fill out the offer. This system is designed to hook your visitor and keep them coming back converting over and over again. Yes, you will be converting the same visitor as much as 15 times...sometimes more. Now, a word of caution, you'll have to rotate your offer but no worries, I show you how to do that in a hold your hand kind of way. I came up with a simple way to target people who are extremely passionate about ONE THING. That ONE THING is the hook that keeps them coming back for more and more. Actually, my wife is so passionate about this ONE THING that she does it for an entire hour straight almost nightly. People get crazy with it...they really do. I know people who do this for hours on end. They call their friends to tell them to do it. People spend millions of dollars to tell YOU to do it. This is so huge that... Millions of people do it daily...all year round...in every country in the world! Yes, this is not just limited to the United States. Wherever there are people, this can and should be done! Millions every day all around the world is quite impressive, but you know what...that's not even the good part. The best thing about this system is that people will be doing what they are overly passionate about. Some people love it more than their kids (dad?)...they wear shirts, paint their cars, get tattoos, travel hundreds of miles in bumper to bumper traffic....they LOVE it. And when they go to your site and see that HOOK, they get HOOKED! Here Are Just A Few Secrets Revealed Inside This Job Killing Mega-Course... The Simple HOOK I Use Generate Massive Amounts Of FREE Traffic - I'll show you a simple process of how to get people who will be passionate about the offer that they will keep coming back to our site to fill out more and more offers.
