Born after September 1979? Struggling to find a decent job, even though youre a graduate? Cant afford to buy or even rent a house? No prospects? Welcome to the jilted generation. Things go wrong in society all the time, but rarely do they go wrong for an entire generation. Drawing on their own startling new research and writing with an irresistible polemical energy, twenty-something journalists Ed Howker and Shiv Malik argue that, in stark contrast to their parents generation, millions of young Britons today face the most uncertain future since the early 1930s. Radical, angry and passionate, Jilted Generation takes a closer look at whos to blame for locking out Britains youth and leaving our country not just broken but broke.
