

John Locke's Politics Of Moral Consensus

[DOWNLOAD HERE](#)

This book explains the reconciliation of religion and politics in the work of John Locke. The aim of this book is twofold: to explain the reconciliation of religion and politics in the work of John Locke, and to explore the relevance of that reconciliation for politics in our own time. Confronted with deep social divisions over ultimate beliefs, Locke sought to unite society in a single liberal community. Reason could identify divine moral laws that would be acceptable to members of all cultural groups, thereby justifying the authority of government. Greg Forster demonstrates that Locke's theory is liberal and rational but also moral and religious, providing an alternative to the two extremes of religious fanaticism and moral relativism. This account of Locke's thought will appeal to specialists and advanced students across philosophy, political science and religious studies. EAN/ISBN : 9780511108914 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Forster, Greg
