

# Lost Sex

[DOWNLOAD HERE](#)

One important issue in the field of asexual biology is the divergence between botanists and zoologists in language and, possibly, in conceptual understanding.(...)The editors and authors are to be applauded for their considerable efforts to bridge this divide. ...Lost Sex is praiseworthy for its conception and execution. The volume will appeal to both general readers and specialists... It should serve as an unrivaled resource for future studies on asexual organisms. SCIENCE, vol 328, April 2010 EAN/ISBN : 9789048127702  
Publisher(s): Springer Netherlands Discussed keywords: Fortpflanzung Format: ePub/PDF Author(s): Schn, Isa - Martens, Koen - Dijk, Peter van
