

Mp3 Angelo - My Story

[DOWNLOAD HERE](#)

contemporary gospel- with an r&b hip hop feel. "Angelo" sings and rap.. people say "Angelo" is the "usher" of gospel... 12 MP3 Songs GOSPEL: Contemporary Gospel, URBAN/R&B: Soul Details: For Angelo Mario Ray, Jr., becoming a recording artist was a natural progression. At the tender age of six, Angelo demonstrated that he had enormous musical talent. He would perform in his home for friends and family, vividly mimicking Michael Jacksons vocals and movements. Angelos parents recognized early that their son had an amazing gift in singing and performing. They encouraged him to continue to improve his singing so his vocals would become strong and powerful. As a result of continued encouragement and discipline from both parents, Angelo evolved into a very experienced vocalist and songwriter by the age of 16. As Angelo continued to develop his singing, songwriting and dancing skills, he realized Gospel was the type of music he wanted to do. He knew that if he became a R&B or Hip-Hop artist that he might gain a lot more exposure, however, he felt that was not his calling. He and those who supported him knew that he had the ability to have a more positive impact just doing what came naturally, spreading the message of Christ. A member of Overflow Ministries Covenant Church where he ministers with the youth choir , Angelo loves listening and performing to many different types of music, but Gospel is by far the most important in his life. His gospel favorites include John P. Kee, Mary Mary, and Deitrick Haddon. Now 19 and a high school graduate, Angelo is ready to spread his wings and share his talent and youth ministry with the world. However, Angelo is in no hurry to become an overnight star. He insists that pursuing a recording career was not about stardom. When Angelo gave his life to Christ, he said God is calling me to set a standard for young people and to set the captives free. From then on, he proudly continues to rely on God to take him on his next journey. Angelo is currently working with Shashane Entertainment in Atlanta.
