Since that time the band has been through a series of line-up changes, but always stable is the melodic songwriting of the groups founder David "Doc" Cavallaro. Doc Possum brings to the table songs that are instantly memorable and equally refreshing at a time when the world needs a smile the most. Imagine if you will simple yet enchanting lyrics, glorious jumbo acoustic strums and flowing melodic bass lines. All of the elements that made an innocent bygone era thrive, are proudly represented in the songs of Doc Possum. Doc Possum realizes and respects what the audience is looking for in a band and they readily take on the challenge. Cavallaro elaborates, " We have a motto for ourselves that we strive to fulfill every time we are making music. It's simple, good music for a good time with songs that you will remember and ones you will never forget. Simple thought? perhaps, but how refreshing and intriguing that sounds in the commercially generated musical times we live in today. Listen for yourselves and enjoy Doc Possum today!
