Details: Garcia has been in Miami's underground hip hop scene since 1992. Slowly, he has been working his way to the top of Miami's elite unsigned artist list. Being unsigned has not deterred this vicious MC to claim his stake in the dirty bottom's bomb of ready to blow MC's and this convinced "Miami's Mixtape King" DJ EFN to work with the young MC. His love for the culture has possessed him in a manner many cannot comprehend but his love of better things almost put a halt to his music career placing Garcia in legal complications. To escape the expected young Latin male's drug and prison route that his life was taking, Garcia began to perfect his musical abilities. He began to develop a distinguished style and evolved his rhyme flow into a grimy and straight to the point no-holds-barred of lyrical assault. Before his days as a Crazy Hood, Garcia recorded, manufactured and hustled his music. This helped to bring Garcia local fame as a hungry ambitious MC who was going to be heard! Garcia, as a member of Da Alliance Family, has shared stages with the likes of DMX, C-N-N, Busta Rhymes, Mobb Deep, Outkast and many more. He has also been heard on mix tape tracks collaborating with Capone-N-Noreaga, Musaliny-N-Maze, Sean Paul, and Joe Buddens. Garcia's first 12" single None Of Dem earned him numerous commercial radio spins and the video to the single was aired on television station's nationwide. The most notable television show airing the video was "The Roof" which airs on MUN2 as well as Telemundo International. In fact, the video was so successful it won the number one spot on the show's top 5 countdown and Garcia has performed "None Of Dem" live on the show twice. Garcia was then called upon to record an intro for the world famous Baka Boyz morning show which airs daily on South

Florida's top Hip Hop station 103.5 The Beat. Garcia is also an established music video director and critically acclaimed editor. He has self directed and edited his second video to date "Darkest Days", which was nominated for best video in the Denver Underground Film Festival. The video has gone to be aired in numerous independent video shows as well as other film festivals. He also has directed videos for artists such as Wrekonize (MTV freestyle champion) as well as his label mates DA ALL. No stranger to touring, Garcia has performed all over Miami, New York, Atlanta, Orlando, Tampa, and New Jersey. Garcia has now completed his first solo album entitled Antisocial. His album features guest appearances by ITF 3 time D.M.C. World Champion DJ Infamous(Allies), Da All, and many more. The artwork for the project was contributed by underground legend Skam2?, so lets just say you'll get your moneys' worth his project. With all things said, Garcia is only in his early twenties which only further proves he is truly one to watch.
