After a few months of lessons, he experienced sparse playing opportunities, with a few regular once a week schedules at church in between. Some years I had the opportunity to use a drumset as many as 6 times in the whole year! I was encouraged to continue practicing without a drumset, and to teach myself from books and other sources. I have been dabbling on the keyboard, and had a steady season of playing with SOS Ministries. He is the Sole proprietor of FOR&EMP Solutions, of which music is a part. Instruments Primary: Mind.
