

## Mp3 Rubin Kinkaid - Don't Ask

[DOWNLOAD HERE](#)

Freshly Grown Rock THAT DOESN'T RIP YOU OFF.... 7 MP3 Songs ROCK: Modern Rock, POP: Power Pop Details: Washington D.C. based band, RK gets edgier in their sophomore effort, Don't Ask.

Radio-friendly singles include the driving Pulled and emotionally-charged rock-ballad, Deserve. "Anything is better than before." is the phrase of the day on the moving out pop-infused anthem, Goodbye. Title Track, Don't Ask unearths psychic assaults with "I just had a beautiful day?then I saw your face and it went away." Wasted growls with passionate female-fronted vocals sitting on top of the rock pile. Sweet harmonies in Camille dress up a story about the search for a friend post-September 11th, supported by well-placed basslines. Check out the searing guitars and haunting harmonies of survival song, Happy Birthday to Me. Don't Ask solidifies RK as a band whose attitude defies its weary manager namesake - rather, this band brings you freshly grown rock that doesn't rip you off.
