

## Mp3 The Debut - This Record Is About Cars

[DOWNLOAD HERE](#)

Energetic power pop with a big heart. 10 MP3 Songs POP: Power Pop, ROCK: Modern Rock Details: After the music has stopped, when the house lights come up and the smoke has cleared, The Debut will be the band that you remember. They are the ones who took hold with relentless energy; they are the ones who stole your heart. The Debut write catchy smart rock-the kind that is inescapable once it has hooked a place in your internal jukebox. Drawing from influences such as The Clash, Wilco, and The Replacements as well as their own youthful exuberance, The Debut craft a sound all their own. Predicted by Minneapolis press to be "one of the best new bands of '07," The Debut have declared themselves determined to become a staple of your daily soundtrack. At home on every stage, The Debut never hesitates to make the most out of each live appearance. With the release of their first full-length studio album, The Debut aim to convey the energy and excitement of their live performances.
