G-d commands us not only to sing, but to sing new songs. Mr. Dennen has listened to that Commandment and obeyed to the delight of the listener. This CD is a combination of some new melodies to some very old prayers and some music based on stories from the Torah. Some of the songs/prayers are meant to be sung as a group, as a congregation, together while some are meant to be performed. In either case, the songs contained on this CD will take the listener on a spiritual journey of their own.
